WOOD TRIM POLISH

Cleaner, polish & conditioner

HIGH GLOSS WOOD & POLYURETHANE FINISHES

1. Apply **Regard** as is - DO NOT DILUTE uniformly to surface with smooth cotton pad.
2. Rub into scratched or damaged areas to help restore surface.
3. Allow to cure on surface until rich natural glow shows
4. Hand buff with clean dry cotton cloth/pad.
5. Extremely dry natural wood may benefit from additional applications.
6. For heavily soiled areas, use NUVITE's **C-49 All Surface Cleaner** as directed prior to use of **Regard**.

**Product dilutions are determined by extent, condition & soil type.*

When using any NUVITE product, please refer to appropriate procedures and recommendations for use and equipment, or contact a NUVITE technician for more information, unique applications and special requirements.
