TECHNICAL DATA

PCS (CARPET SHAMPOO)

PCS is a concentrated soil, stain, spot remover, and shampoo for carpets. It will clean tars, oils, soil and organic materials from natural or synthetic carpets. Additionally, PCS is very effective as a pre-spotter prior to full carpet extraction treatment. It can also be used as primary cleaning fluid in rotary carpet cleaning machines. It helps you meet the toughest cleaning problems from carpets in all aircraft, RV, marine, auto and truck applications, and is extremely handy for use in institutional, commercial and home upkeep use.

FEATURES

- Penetrates and removes tars, oil, soil and organic materials
- Effective and unique cleaning action leaves no soapy or sticky residue
- Biodegradable –safe and pleasant for users and the environment
- Retards re-soiling
- Hard water stable, cold water efficient
- Supplied in convenient concentrate for dilution with tap water to fit needs

PHYSICAL & CHEMICAL CHARACTERISTICS

- **Appearance:** Light blue liquid
- **Flash Point:** None
- **Odor:** Perfume
- **pH:** 11.8 - 12.4 @ 25°C
- **Solubility:** Infinite in water
- **Specific Gravity:** 1.01 @ 25°C

DIRECTIONS FOR USE

Spot cleaning: Dilute PCS 1:4 to 1:8 with water. Test carpet for color fastness in inconspicuous area. After determining that carpet is color fast, spray terry towel to dampen cloth, then apply to soiled spots. Soak out as much soil as possible into dry terry towel. If soil spot persists after soaking with towel, spray PCS directly on spot and use soft brush to agitate up and down, then side to side. Reapply dry terry towel to soak out agitated residue. Repeat as needed. Do not allow PCS to soak carpet backing. Follow with full carpet extraction prior to PCS drying if using as a pre-spotter.

Rotary Carpet Machine Application: Follow instructions on machine, using 1:4 to 1:9 dilutions, depending upon soil. Lukewarm water may be used. Do not allow carpet backing to be soaked.

HEALTH AND SAFETY

Users should use standard safety precautions, such as wearing gloves and eye protection along with any other standard safety procedures. Refer to Safety Data Sheet for further health and safety information.

AVAILABILITY

PCS is available in 1oz and 4oz samples, 1 quart, 1 & 5 gallon containers and 55 gallon Drums.
